Unit 72 – Heat Pump Installation

Unit 73 – Troubleshooting Heat Pump Systems

Unit 89 – Installation Techniques

Unit 90 – Planned Maintenance

Labs

Lab work is a key element to having a working knowledge of the materials being presented in this course. Students must demonstrate adequate skills and procedures to be given a passing grade. Labs will be assigned based on equipment and space availability. Labs are assigned with an objective and deadline. While some labs are practiced in groups, lab grades are based on an individual's achievement.

Safety

Proper personal protective equipment (PPE) must be worn, and tools must be used safely in the lab

rooms. Students must wear closed-toe shoes. Because labs materials that can stain clothes and labs will be conducted outside in warm or cold weather, students should dress appropriately, maintain proper hygiene, and a keep a change of clothes. Students are required to have a complete HVAC tool kit with them for every class. The tool kit is listed on D2L. If a student doesn't have the required tools to complete a lab, they may receive a punitive grade. Test policy rules listed above apply for labs. Any student creating an unsafe lab environment or disturbing other students will be asked to leave.

Part III: Grading and Assessment

EVALUATION OF REQUIRED COURSE MEASURES/ARTIFACTS*:

Students' performance will be assessed, and the weight associated with the various measures/artifacts are listed below.

EVALUATION*

30% Tests

35% Labs

10% Homework

10% EPA 608 Certification**

15% ICE Exam

100%

** Students who do not pass EPA 608 Core and Type II will receive a final grade of **"I"** (**Incomplete**) for the ACR-210, which will prevent completion of the Residential HVAC Certificate from HGTC. The grade will be changed from "I" to "F" at the end of the summer semester unless proof of EPA 608 Type II certification is submitted by email to your instructor.

****Students, for the specific number and type of evaluations, please refer to the Instructor's Course Information Sheet.***

GRADING SYSTEM:

State the College's or departmental grading system as delineated in the Catalog. Please note the College adheres to a 10-point grading scale A = 100 – 90, B = 89- 80, C = 79 – 70, D = 69 – 60, F = 59 and below. You must have your Dean's approval if changes in the scale are made.

Grades earned in courses impact academic progression and financial aid status. Before withdrawing from a course, be sure to talk with your instructor and financial aid counselor about the implications of that course of action. Ds, Fs, Ws, WFs and Is also negatively impact academic progression and financial aid status.

The Add/Drop Period is the first 5 days of the semester for **full term** classes. Add/Drop

periods are shorter for accelerated format courses. Please refer to the [academic calendar](#) for deadlines for add/drop. You must attend at least one meeting of all of your classes during that period. If you do not, you will be dropped from the course(s) and your Financial Aid will be reduced accordingly.
