

INSTRUCTIONAL PACKAGE

DHG 241

Integrated Dental Hygiene I

201810
Fall/2018

INSTRUCTIONAL PACKAGE

Part I: Course Information

Effective Term: 201810

COURSE PREFIX: DHG 241

CONTACT HOURS: 1

COURSE TITLE: Integrated Dental Hygiene I

CREDIT HOURS: 1

RATIONALE FOR THE COURSE:

DHG 241 will help students interpret evidence-based research. They will also gain the skills and knowledge necessary to monitor Nitrous Oxide/Oxygen Sedation.

COURSE DESCRIPTION:

This course provides for the integration of the basic and dental hygiene sciences with current concepts of clinical dental hygiene practice.

PREREQUISITES:

AHS 113 Head and Neck Anatomy
BIO 211 Anatomy Physiology II
BIO 225 Microbiology
DHG 125 Tooth Morphology and Histology
DHG 151 Dental Hygiene Principles
DHG 121 Dental Radiography
DHG 141 Periodontology
DHG 165 Clinical Dental Hygiene I
DHG 243 Nutrition
SPC 205 Public Speaking
DHG 175 Clinical Dental Hygiene II
DHG 239 Dental Assisting for Dental Hygienists
PSY 201 General Psychology

CO-REQUISITES:

DHG 140 General and Oral Pathology
DHG 143 Dental Pharmacology
DHG 230 Public Health Dentistry
DHG 255 Clinical Dental Hygiene III

REQUIRED MATERIALS:

Please visit the Bookstore online site for most current textbook information. Use the direct link below to find textbooks.

[BOOKSTORE.](#)

Enter the semester, course prefix, number and section when prompted and you will be linked to the correct textbook.

TECHNICAL REQUIREMENTS:

Access to Desire2Learn (D2L), HGTC's student portal for course materials.
WaveNet and D2L email access.

CLASSROOM ETIQUETTE:

As a matter of courtesy to other students and your professor, please turn off cell phones and other communication/entertainment devices before class begins. If you are monitoring for an emergency, please notify your professor prior to class and switch cell phone ringers to vibrate.

*Refer to the HGTC Dental Sciences Program Manual for additional policies on classroom etiquette.

Part II: Student Learning Outcomes

1. Define and discuss the physical and chemical properties of nitrous oxide and oxygen.
2. Identify the main components of N₂O-O₂ delivery systems.
3. Demonstrate a basic understanding of the proper maintenance of N₂O-O₂ equipment to include infection control procedures, common malfunctions, and appropriate corrections and precautions for safe use.
4. Identify and respond to signs and symptoms of N₂O-O₂ over-sedation.
5. Identify potential effects of N₂O abuse.
6. Calculate and record accurate percentages of N₂O-O₂ delivered.
7. Describe and discuss contraindications and indications for N₂O-O₂ sedation.
8. Describe the effects of N₂O on the central nervous system (CNS), gastrointestinal system (GI), and the cardiovascular system.
9. Demonstrate the steps in administration of N₂O-O₂ sedation.
10. Utilize science-based research to prepare and present poster boards to the dental community.
11. Identify signs and symptoms of abuse and neglect and how to it is reported.

COURSE LEARNING OUTCOMES and ASSESSMENTS*:**Module 1**

Materials Covered: Handout on table clinic expectations and HGTC Library presentation on evidence-based research.

Assessments: Competency, Tests, Table Clinic

Objectives:

1. Discuss how to identify evidence-based research.
2. Outline the format of a table clinic poster board.
3. Learn how to format a brochure for table clinic presentations.

Module 2

Materials Covered: *Nitrous Oxide Oxygen Sedation*: Ch. 1 Discovery, History, and Evolution of N₂O/O₂ Sedation, Ch. 2 Guidelines for Best Practice, Ch. 3 Pain and Anxiety Management, Ch. 4 Desirable characteristics of N₂O/O₂ Sedation, Ch. 5 Physical Properties and Pharmacokinetics/Pharmacodynamics of N₂O

Assessments: Competency, Tests, Table Clinic

Objectives

1. Understand the significance of the discovery of nitrous oxide and oxygen.

2. Recognize current practice guidelines established for non-anesthesiologists working in an ambulatory setting.
3. Identify the physiologic mechanism of pain.
4. Recognize methods for assessing and measuring pain.
5. Identify the analgesic, anxiolytic, and amnestic effect of N₂O/O₂ sedation.
6. Recognize the process of nitrous oxide elimination from the body.
7. Recognize physical and chemical properties of nitrous oxide and oxygen.
8. Discuss the pharmacokinetic and pharmacodynamic properties of nitrous oxide.

Module 3

Materials Covered: *Nitrous Oxide Oxygen Sedation:* Ch. 6 Manufacturing and Distribution of N₂O/O₂ and O₂ Gases, Ch. 7 Delivery of N₂O/O₂ Sedation, Ch. 8 Anatomy and Physiology of Respiration and Airway Management, Ch. 9 N₂O and Its Interaction with the Body, Ch. 10 Patient Assessment

Assessments: Competency, Tests, Table Clinic

Objectives:

1. Understand the simplicity of nitrous oxide manufacturing process.
2. Identify properties of nitrous oxide and oxygen cylinders.
3. Recognize variations of N₂O/O₂ sedation delivery systems.
4. Review the anatomy of the upper and lower airways.
5. Appreciate the critical gas exchange across pressure gradients with nitrous oxide.
6. Recognize the clinical significance of diffusion hypoxia in N₂O/O₂ sedation.
7. Identify the interaction of nitrous oxide with body systems.
8. Identify how nitrous oxide interacts with patients who have other health issues.
9. Understand the necessity of assessing patient risk before N₂O/O₂ sedation.
10. Understand the necessity for patient monitoring before and during N₂O/O₂ sedation.

Module 4

Materials Covered: *Nitrous Oxide Oxygen Sedation* Ch. 11 Titration of N₂O/O₂ Gases, Ch. 12 Signs and Symptoms of N₂O/O₂ Sedation, Ch. 13 Technique for N₂O/O₂ Administration and Assessment of Recovery, Ch. 14 Multidisciplinary Application of N₂O/O₂ Sedation, Ch. 15 N₂O/O₂ Sedation in Pediatric Dentistry

Assessments: Competency, Tests, Table Clinic

Objectives:

1. Understand the significance of titration.
2. Recognize the sign and symptoms of appropriate minimal sedation using nitrous oxide and oxygen.
3. Recognize the signs and symptoms of over sedation using nitrous oxide and oxygen sedation.
4. Understand the fundamental principles of appropriate N₂O/O₂ sedation.
5. Describe the technique steps for the appropriate administration of N₂O/O₂ sedation.
6. Recognize the appropriate technique for assessing adequate recovery from N₂O/O₂ sedation.
7. Recognize important documentation procedures associated with N₂O/O₂ sedation.
8. Recognize how N₂O/O₂ sedation can be used for a wide variety of procedures.
9. Understand the steps and safety for administration of N₂O/O₂ sedation in dentistry.

Module 5

Materials Covered: Nitrous Oxide Oxygen Sedation Ch. 16 Potential Biohazards for Health Personnel Associated with Chronic Exposure to N2O, Ch. 17 Nitrous Oxide Abuse Issues, Ch. 18 Ethical and Legal considerations Regarding N2O/O2 Administration, Ch. 19 Frequently Asked Questions Regarding N2O/O2 Sedation, Ch. 20 Future trends in N2O/O2 Sedation

Assessments: Competency, Tests, Table Clinic

Objectives:

1. Recognize specific biologic issues and health concerns associated with chronic exposure to nitrous oxide.
2. Understand what is meant by a nitrous oxide scavenging system.
3. Understand how nitrous oxide is abused.
4. Discuss the additive nature of nitrous oxide.
5. Recognize appropriate educational levels and training requirements for N2O/O2 administration.
6. Discuss the most frequently asked question regarding N2O/O2 sedation.
7. Discuss the future trends in N2O/O2 sedation.

Module 6

Materials Covered: Guest speaker from The South Carolina Department of Social Services

Assessments: Competency, Tests, Table Clinic

Objectives:

1. Intake Unit, and the Abuse & Neglect Hotline
2. How abuse investigations are conducted
3. Identify and define abuse and neglect
4. How the court system handles abuse and neglect cases

****Students – please refer to the Instructor’s Course Information sheet for specific information on assessments and due dates.***

Part III: Grading and Assessment

EVALUATION OF REQUIRED COURSE MEASURES/ARTIFACTS*

Students’ performance will be assessed and the weight associated with the various measures/artifacts are listed below.

EVALUATION*

Tests	40%
Quizzes	20%
Projects (Table Clinic)	30%
Final Exam	<u>10%</u>
	100%

****Students, for the specific number and type of evaluations, please refer to the Instructor’s Course Information Sheet.***

GRADING SYSTEM:

A=90-100

B=80-89

C=77-79

D=70-76

F=69 or lower

*Students must pass with a 77% or higher to continue in the DH Program.

Grades earned in courses impact academic progression and financial aid status. Before withdrawing from a course, be sure to talk with your instructor and financial aid counselor about the implications of that course of action. Ds, Fs, Ws, WFs and Is also negatively impact academic progression and financial aid status.

The Add/Drop Period is the first 5 days of the semester for **full term** classes. Add/Drop periods are shorter for accelerated format courses. Please refer to the academic calendar for deadlines for add/drop ([ACADEMIC CALENDAR](#)). You must attend at least one meeting of all of your classes during that period. If you do not, you will be dropped from the course(s) and your Financial Aid will be reduced accordingly.

Part IV: Attendance

Horry-Georgetown Technical College maintains a general attendance policy requiring students to be present for a minimum of eighty percent (80%) of his or her classes in order to be eligible to receive credit for any course. However, due to the varied nature of courses taught at the College, a more rigid attendance policy may be required by individual instructors. At a minimum, a student may be withdrawn from a course(s) after he or she has been absent in excess of ten percent (10%) of the total contact hours for a course. Instructors define absentee limits for their class at the beginning of each term; please refer to the Instructor Course Information Sheet.

*Refer to the HGTC Dental Sciences Program Manual for addition policies on attendance.

Part V: Student Resources

The Student Success and Tutoring Center (SSTC)

The SSTC offers to all students the following **free** resources:

1. **Academic coaches** for most subject areas, **Writing Center Support**, and **college success skills**.
2. **On-line student success and academic support resources**.

Visit the SSTC website: [Student Success & Tutoring Center](#) and visit the student services tab in your WaveNet account to schedule appointments using TutorTrac. For more information, call:

SSTC Conway, 349-7872; SSTC Grand Strand, 477-2113; and SSTC Georgetown, 520-1455. Room locations and Live Chat is available on the SSTC website.

Student Information Center: WaveNet Central (WNC)

WNC offers to all students the following **free** resources:

1. **Getting around HGTC:** General information and guidance for enrollment!
2. Use the [Online Resource Center \(ORC\)](#) for COMPASS support, technology education, and online tools.
3. **Drop-in technology support or scheduled training** in the Center or in class.
4. **In-person workshops, online tutorials and more services** are available.

Visit the WNC website: [Wavenet Central](#). Live Chat and Center locations are posted on the website. Or please call one of the following locations: WNC Conway, 349-5182; WNC Grand Strand, 477-2076; and WNC Georgetown, 520-1473.

Disability Services:

HGTC is committed to providing an accessible environment for students with disabilities. Inquiries may be directed to Jocelyn Williams, Director of Student Development on the Conway Campus Jaime Davis, Counselor/Advisor on the Georgetown Campus or Kristin Griffin, Counselor on the Grand Strand Campus. These individuals will review documentation of the student's disability and, in a confidential setting with the student, develop an educational accommodation plan.

Note: It is the student's responsibility to self-identify as needing accommodations and to provide acceptable documentation. After a student has self-identified and submitted documentation of a disability, accommodations may be determined, accepted, and provided.

Statement of Equal Opportunity/Non-Discrimination Statement

Horry Georgetown Technical College prohibits discrimination and harassment, including sexual harassment and abuse, on the basis of race, color, gender, national or ethnic origin, age, religion, disability, marital status, veteran status, sexual orientation, gender identity, or pregnancy in educational programs and/or activities.

Title IX Requirements

Horry Georgetown Technical College prohibits the offenses of domestic violence, dating violence, sexual assault, and stalking. Any student who believe he or she has experienced or witnessed discrimination including sexual harassment, domestic violence, dating violence, sexual assault or stalking is encouraged to report such incidents to one of the College's Title IX Coordinators.

*Faculty and Staff are required to report incidents to the Title IX Coordinators when involving students. The only HGTC employees exempt from mandatory reporting are licensed mental health professionals (only as part of their job description such as counseling services).

Inquiries regarding the non-discrimination policies:	
Student and prospective student inquiries concerning Section 504, Title II, and Title IX and their application to the College or any student decision may be directed to the Associate Vice President for Student Affairs.	Employee and applicant inquiries concerning Section 504, Title II, and Title IX and their application to the College may be directed to the Associate Vice President for Human Resources.
<p>Dr. Melissa Batten, AVP Student Affairs <i>Title IX Coordinator</i></p> <p>Building 1100, Room 107A, Conway Campus PO Box 261966, Conway, SC 29528-6066 843-349-5228 Melissa.Batten@hgtc.edu</p>	<p>Jacquelyne Snyder, AVP Human Resources <i>Section 504, Title II, and Title IX Coordinator</i></p> <p>Building 200, Room 212A, Conway Campus PO Box 261966, Conway, SC 29528-6066 843-349-5212 Jacquelyne.Snyder@hgtc.edu</p>
