Technical College

COURSE INSTRUCTIONAL PACKAGE

DMS 114

DMS CROSS SECTIONAL ANATOMY

Effective Term

Fall 2026/Spring 2027/Summer 2027

Part I: Course Information

Effective Term: Fall 2026

COURSE PREFIX: DMS 114

COURSE TITLE: DMS CROSS SECTIONAL ANATOMY

CONTACT HOURS: 5

CREDIT HOURS: 3

RATIONALE FOR THE COURSE:

DMS 114 is an intensive foundational course of the Diagnostic Medical Sonography program's core curriculum. In this course, you will gain knowledge in cross-sectional and sagittal anatomy of the abdomen along with basic ultrasound scanning techniques. You will establish scanning criteria, standardization, and quality scanning techniques, while learning the normal anatomy of the abdomen and several superficial structures pertinent to ultrasound.

COURSE DESCRIPTION:

This course is a study of cross-sectional and sagittal anatomy of the abdomen, along with basic scanning techniques.

PREREQUISITES/CO-REQUISITES:

Acceptance into Diagnostic Medical Sonography Program

REQUIRED MATERIALS:

Please visit the [BOOKSTORE](#) online site for most current textbook information.

Enter the semester, course prefix, number and section when prompted and you will be linked to the correct textbook.

ADDITIONAL REQUIREMENTS:

TECHNICAL REQUIREMENTS:

- Access to Desire2Learn (D2L), HGTC's learning management system (LMS) used for course materials.
- Access to myHGTC portal for student self-services.

- College email access – this is the college’s primary official form of communication.

ATTENDANCE VERIFICATION:

The Add/Drop Period is the first 7 days of the semester for **full term** classes. Add/Drop periods are shorter for accelerated format classes. Please refer to the [academic calendar](#) for deadlines for add/drop. You must attend at least one meeting of all your classes during that period. If you do not, you will be dropped from the course(s) and your Financial Aid will be reduced accordingly

IDENTIFICATION VERIFICATION:

Students enrolled in online courses will be required to complete identity verification. Please refer to your Instructor’s Course Information Sheet for information regarding this requirement.

STUDENT COURSE EVALUATIONS:

Each semester, students are provided with an opportunity to participate in course evaluation surveys. These evaluations offer crucial feedback to instructors and the College, leading to enhancement of educational quality. By completing these surveys, you play a key role in the ongoing improvement of teaching methods and course content, ensuring future students enjoy a better learning experience. Students are encouraged to complete these surveys as your active participation in this process reflects your dedication to your education and drives positive change.

CLASSROOM ETIQUETTE AND STUDENT RIGHTS AND RESPONSIBILITIES:

As a matter of courtesy to other students and your professor, please turn off cell phones and other communication/entertainment devices before class begins. If you are monitoring an emergency, please notify your professor prior to class and switch cell phone ringers to vibrate.

To ensure a positive College experience, guidelines exist in numerous areas of campus life. The Student Code for The South Carolina Technical College System “The Student Code” (3-2-106.1) applies to all HGTC students. The Student Code sets forth rights and responsibilities of the individual student, identifies behaviors that

are not consistent with the values of college communities, and describes the procedures that will be followed to adjudicate cases of alleged misconduct. Students are expected to conduct themselves in a civil manner, that is respectful of the rights of others, and that is compatible with the college's educational mission. Students are expected to comply with all of the college's duly established rules and regulations regarding student behavior while on campus; while participating in off-campus college sponsored activities; and while participating in off-campus clinical, field, internship, or in-service experiences. Students are expected to comply with all course requirements as specified by instructors in course syllabi and to meet the standards of acceptable classroom behavior set by instructors. For more information, login to your myHGTC account under "Student Rights and Responsibilities" card then select "Student Code of Conduct" or the "Student Catalog and Handbook."

NETIQUETTE: is the term commonly used to refer to conventions adopted by Internet users on the web, mailing lists, public forums, and in live chat focused on online communications etiquette. For more information regarding Netiquette expectations for distance learning courses, please visit [Online Netiquette](#).

Part II: Student Learning Outcomes

COURSE LEARNING OUTCOMES and ASSESSMENTS*:

Module #1 – Introduction to Sonography

Materials Covered: Before, During and After the Ultrasound Examination
 Ultrasound Instrumentation: “Knobology,” Imaging Processing and Storage Anatomy
 Layering and Sectional Anatomy
 Introduction to Laboratory Values
 Chapters 1-2 - Curry Temp Prince Textbook

***Assessment(s):** Complete Workbook activity
 Unit Test

Learning Outcomes:

- List the information to be included on an ultrasound request
- Explain roles of medical imaging professionals
- Describe the importance of reviewing patient charts, history, lab values and previous exams prior to ultrasound exam
- Explain common ultrasound terms
- Explore patient preparations
- Describe deciding factors for patient position, transducer choice, exam parameters
- Define Sonographers role in abnormal findings.
- Explain the “knobology” of the ultrasound system.
- Compare and contrast functions of the system controls: primary, calculation and additional
- Demonstrate steps necessary to operate the ultrasound system.
- Discuss differences in PACS, HIS, and RIS

Module #2 - Introduction to Sonography and Cross-sectional anatomy

Materials Covered: Anatomy Layering and Sectional Anatomy
 Chapters 6 - Curry Prince Textbook

***Assessment(s):** Complete Workbook activities
 Unit Test

Learning Outcomes:

- Define the layering concept.
- Describe specific structure orientation and its significance in cross-sections of anatomy.
- Define how body structure relationships apply to sonography.
- Explain the importance of using different scanning planes.
- Describe directional terminology
- List Body divisions, layers, and cavities

Module #3 Cross sectional anatomy of the neck

Materials Covered: The Thyroid and Parathyroid Glands
Chapters 26 - Curry Prince Textbook

***Assessment(s):** Complete Workbook activities
Unit Test

Learning Outcomes:

- Identify anatomy and sonographic appearance of normal thyroid, parathyroid gland (locations), and relevant adjacent anatomic structures in neck.
- Describe sonographic indications for thyroid and parathyroid gland studies.
- Describe vascular supply of thyroid and parathyroid glands
- Describe various shapes of normal thyroid and parathyroid glands
- Describe anatomic pitfalls when scanning thyroid and parathyroid glands
- Describe clinical laboratory tests, related diagnostic tests, normal laboratory values, and associated physicians in work-up of thyroid and parathyroid glands.
- Implement a scanning protocol for thyroid examination.
- Describe nodal zones (anatomic landmarks) when mapping cervical nodes

Module #2 - Cross sectional anatomy of the abdomen

Materials Covered: Abdominal Sonography – The Great Vessels
Chapters 9-11 Curry Prince Textbook

***Assessment(s):** Complete Workbook activities
Unit Test

Learning Outcomes:

1. Describe the normal location, course, and size of the aorta, IVC and portal venous systems.
2. Describe the layers (gross anatomy) of an artery and vein.
3. Describe the location of the greater vessel branches and organs supplied by those branches.
4. Identify various anatomical landmarks.
5. Discuss the function of the aorta, IVC and portal venous system.
6. Describe the sonographic appearance of the aorta, IVC, portal system and all branches.
7. Describe associated laboratory values and diagnostic tests.
8. Demonstrate correct patient preparation, transducer selection, patient position, and images that should be obtained for all structures.
9. Execute proper measurement and sonographic technique (i.e., doppler) with the aorta, IVC and portal venous system ultrasound.

Module #3 - Cross sectional anatomy of the abdomen (cont.)

Materials Covered: Abdominal Sonography – The Liver
 Chapters 12 Curry Prince Textbook

***Assessment(s):** Complete Workbook activities
 Unit Test

Learning Outcomes:

1. Identify principal functions of the liver.
2. Describe location of the liver.
3. Describe size of the liver.
4. Describe and identify vasculature of the liver.
5. Identify ligaments, segments, and fissures of the liver.
6. Identify various anatomical landmarks of the liver.
7. Describe sonographic appearance of the liver.
8. Differentiate between carbohydrate, protein, and fat metabolism in the liver.
9. Describe associated physicians, diagnostic tests, and laboratory values related to the liver.
10. Demonstrate correct patient preparation, transducer selection, patient position, and images that should be obtained for all abdominal and soft tissue structures.
11. Execute proper measurement and sonographic technique (i.e., doppler) with the liver ultrasound.

Module #4 - Cross sectional anatomy of the abdomen (cont.)

Materials Covered: Abdominal Sonography – The Biliary System
 Chapter 13 Curry Prince Textbook

***Assessment(s):** Complete Workbook activities
 Unit Test

Learning Outcomes:

1. Describe gross anatomy of the biliary system.
2. Describe basic function of the biliary system.
3. Describe ultrasound appearance of the biliary system.
4. Describe diagnostic tests that may be used to examine the biliary system.
5. Describe associated diagnostic tests, and laboratory values related to the biliary system.
6. Demonstrate correct patient preparation, transducer selection, patient position, and images that should be obtained for all abdominal and soft tissue structures.
7. Execute proper measurement and sonographic technique (i.e., doppler) with the biliary ultrasound.

Module #5 - Cross sectional anatomy of the abdomen (cont.)

Materials Covered: Abdominal Sonography – The Pancreas
Chapter 14 Curry Prince Textbook

***Assessment(s):** Complete Workbook activities
Unit Test

Learning Outcomes:

1. List gross anatomy of the pancreas
2. Explain function of the pancreas
3. Describe scanning plane used and sonographic appearance of the pancreas in axial views, using vascular landmarks.
4. Describe the blood supply to the pancreas.
5. Describe scanning plane used and sonographic appearance of the pancreas in longitudinal views, using vascular landmarks and adjacent anatomy.
6. Describe relationship of pancreas, duodenum, and biliary system
7. Describe associated diagnostic tests, and laboratory values related to the pancreas.
8. Demonstrate correct patient preparation, transducer selection, patient position, and images that should be obtained for all abdominal and soft tissue structures.
9. Execute proper measurement and sonographic technique when scanning the Pancreas.

****Students – please refer to the Instructor’s Course Information sheet for specific information on assessments and due dates.***

Part III: Grading and Assessment

EVALUATION OF REQUIRED COURSE MEASURES/ARTIFACTS*:

Students’ performance will be assessed, and the weight associated with the various measures/artifacts are listed below.

- Tests/Quizzes
- Presentation
- Assignments
- Final Exam

EVALUATION*

Module Tests	40%
Scan Tests	30%
Assignments	10%
Final Exam	20 %
	100%

****Students, for the specific number and type of evaluations, please refer to the Instructor's Course Information Sheet.***

GRADING SYSTEM:

Exams, quizzes, and assignments comprise your grade. Grades are assigned according to raw score divided by total possible points in each category.

DMS program grading scale is as follows:

A	92-100
B	83-91
C	74-82
D	65-73
F	64 and below

This is a major area course and requires a grade of "C" or better.

Grades earned in courses impact academic progression and financial aid status. Before withdrawing from a course, be sure to talk with your instructor and financial aid counselor about the implications of that course of action. Ds, Fs, Ws, and Is also negatively impact academic progression and financial aid status.

Part IV: Attendance

Horry-Georgetown Technical College maintains a general attendance policy requiring students to be present for a minimum of 80 percent (80%) of their classes to receive credit for any course. Due to the varied nature of courses taught at the college, some faculty may require up to 90 percent (90%) attendance. Pursuant to 34 Code of Federal Regulations 228.22 - Return to Title IV Funds, once a student has missed over 20% of the course or has missed two (2) consecutive weeks, the faculty is obligated to withdraw the student, and a student may not be

permitted to reenroll. **Instructors define absentee limits for their class at the beginning of each term; please refer to the Instructor Course Information Sheet.**

For online and hybrid courses, refer to your Instructor's Course Information Sheet for any required on-site meeting times. In online courses, attendance is fulfilled through the submission of academic work. Please be aware that instructors may require exams to be proctored either online or at an approved testing site. If you choose to use a testing center other than those provided by HGTC, that center may charge a fee for its services.

Part V: Student Resources

THE STUDENT SUCCESS AND TUTORING CENTER (SSTC):

The SSTC offers all students the following **free** resources:

1. Academic tutors for most subject areas, Writing Center support, and Academic Coaching for college success skills.
2. Online tutoring and academic support resources.
3. Professional and interpersonal communication coaching.

Visit the [Student Success & Tutoring Center](#) website for more information. To schedule tutoring or coaching, contact the SSTC at sstc@hgtc.edu or self-schedule in the Penji iOS/Android app or at www.penjiapp.com. Email sstc@hgtc.edu or call SSTC Conway, 349-7872; SSTC Grand Strand, 477-2113; and SSTC Georgetown, 520-1455, or go to the SSTC [Online Resource Center](#) to access on-demand resources.

STUDENT INFORMATION CENTER – TECH Central:

TECH Central offers all students the following **free** resources:

1. Getting around HGTC: General information and guidance for enrollment, financial aid, registration, and payment plan support!
2. In-person and remote assistance are available for Desire2Learn, Student Portal, Degree Works, and Office 365.
3. Chat with our staff on TECH Talk, our live chat service. TECH Talk can be accessed on the student portal and on TECH Central's website, or by texting questions to

(843) 375-8552. Visit the [Tech Central website](#) for more information. Live Chat and Center locations are posted on the website. You may also call (843) 349-5199.

HGTC LIBRARY:

Each campus location has a library where HGTC students, faculty, and staff may check out materials with their HGTC ID. All three HGTC campus libraries have librarians and staff who can aid with research, computers to support academic research and related school-work, and individual/group study rooms. Printing is available as well at each location. Visit the [Library](#) website for more information or call (843) 349-5268.

STUDENT TESTING:

Testing in HGTC courses may occur during regularly scheduled class time or online, with or without proctoring. Tests may be delivered in the following formats:

- Digitally through D2L
- In writing on paper
- Through a publisher platform (note: some publisher platforms carry an associated fee)

Tests may include time limits and may require proctoring depending on the course.

When proctoring is required and is not provided by the course instructor in the classroom, students may complete their test face-to-face at an [HGTC Testing Center](#) or another approved testing site, or online using HGTC's online proctoring provider. For more information about available proctoring options, visit the [Online Testing](#) section of the HGTC Testing Center webpage.

Students testing at an HGTC Testing Center should note the following:

- **Appointments must be scheduled at least 24 hours in advance.**
- **A physical, government-issued photo ID is required to test.**

The **Instructor Information Sheet** will have more details on test requirements for your course.

DISABILITY SERVICES:

HGTC is committed to providing an accessible environment for students with disabilities. Students seeking accommodations are encouraged to visit HGTC's [Accessibility and Disability Service webpage](#) for detailed information.

It is the student's responsibility to self-identify as needing accommodations and to provide appropriate documentation. Once documentation is submitted, the student will participate in an interactive process with Accessibility and Disability Services staff to determine reasonable accommodations. Students may begin the accommodations process at any time; however, accommodations are **not retroactive** and will only be applied from the point at which they are approved. Students must contact the office **each semester** to renew their accommodations.

For assistance, please contact the Accessibility and Disability Services team at disabilityservices@hgtc.edu or 843-796-8818 (call or text).

COUNSELING SERVICES:

HGTC Counseling Services strives to optimize student success through managing personal and academic concerns that may interfere with achieving educational goals. Staff are available to every student for assistance and guidance on personal matters, academic concerns and other areas of concern. HGTC offers free in-person and telehealth counseling services to students. For more information about counseling services, please reach out to counseling@hgtc.edu or visit the website the [Counseling Services webpage](#).

STATEMENT OF EQUAL OPPORTUNITY/NON-DISCRIMINATION STATEMENT:

Our sincere commitment to both effective business management and equitable treatment of our employees requires that we present this Policy Statement as an embodiment of that commitment to the fullest.

Discrimination is conduct that includes unjust or prejudicial treatment based upon an individual's age, race, color, sex, religion, national origin, disability, and genetic information or any other protected classes deemed unlawful under State or Federal law that excludes an individual from participation in, denies the individual

the benefits of, treats the individual differently, or otherwise adversely affects a term or condition of a person's working or learning environment. This includes failing to provide reasonable accommodation, consistent with state and federal law, to persons with disabilities.

All inquiries regarding the federal laws as they relate to discrimination on the basis of sex may be directed to Jen Riddei, Title IX Coordinator, Horry-Georgetown Technical College, Building 1100C, Room 107B, 2050 HWY 501 E, PO Box 261966, 843-349-5218, Jenifer.Riddei@hgtc.edu.

Student and prospective student inquiries concerning the federal laws and their application to the College or any student decision may be directed to Dr. Melissa Batten, Vice President, Student Affairs, and Section 504 & Title II Coordinator, Horry-Georgetown Technical College, Building 1100C, Room 107A, 2050 HWY 501 E, PO Box 261966-6066, 843-349-5228, Melissa.Batten@hgtc.edu.

Employee and applicant inquiries concerning the federal laws and their application to the College may be directed to Jacquelyne Snyder, Vice President, Human Resources and Employee Relations and the College's Affirmative Action/Equal Opportunity Officer, Horry-Georgetown Technical College, Building 200C, Room 205B, 2050 HWY 501 E, PO Box 261966, Conway, SC 29528-6066, 843-349-5212, Jacquelyne.Snyder@hgtc.edu.

TITLE IX REQUIREMENTS:

Title IX of the Education Amendments of 1972 protects students, employees, applicants for admission and employment, and other persons from all forms of sex discrimination.

HGTC prohibits the offenses of sexual harassment, domestic violence, dating violence, sexual assault, and stalking and will provide students, faculty, and staff with necessary information regarding prevention, policies, procedures, and resources.

Any student, or other member of the college community, who believes that they have been a victim of sexual harassment, domestic violence, dating violence,

sexual assault, or stalking may file a report with the college's Title IX Coordinator or campus law enforcement*.

*Faculty and Staff are required to report these incidents to the Title IX Coordinator when involving students. The only HGTC employees exempt from mandatory reporting are licensed mental health professionals (only as part of their job description such as counseling services).

All inquiries regarding the federal laws as they relate to discrimination on the basis of sex may be directed to Jen Riddei, Title IX Coordinator, Horry-Georgetown Technical College, Building 1100C, Room 107B, 2050 HWY 501 E, PO Box 261966, 843-349-5218, Jenifer.Riddei@hgtc.edu.

PREGNANCY ACCOMMODATIONS

Under Title IX, colleges must not exclude a pregnant student from participating in any part of an educational program. Horry-Georgetown Technical College is committed to ensuring that pregnant students receive reasonable accommodations to ensure access to our educational programs.

Students should advise the Title IX Coordinator of a potential need for accommodations as soon as they know they are pregnant. It is extremely important that communication between student, instructors, and the Title IX Coordinator begin as soon as possible. Each situation is unique and will be addressed individually.

Title IX accommodations DO NOT apply to Financial Aid. Financial Aid regulations do not give the College any discretion in terms of Financial Aid eligibility.

Certain educational programs may have strict certification requirements or requirements mandated by outside regulatory agencies. Therefore, in some programs, the application of Title IX accommodations may be limited.

To request pregnancy accommodations, please complete the *Pregnancy Intake Form* that can be found [here](#).
