Students enrolled in online courses will be required to complete identity verification. Please refer to your Instructor Information Sheet for information regarding this requirement.

## **CLASSROOM ETIQUETTE:**

In the clinic environment, students are guests, and will be treated as such. Students are not permitted be on their phones, smart watches, or any other electronic devices which does not pertain to imaging a patient. If a student is monitoring for an emergency, please notify and obtain permission from the Clinical Preceptor prior to clinic and switch cell phone ringers to vibrate.

### **5.4 The program assures that medical imaging procedures are performed under the appropriate supervision of a qualified radiographer.**

The JRCERT defines direct supervision as student supervision by a qualified radiographer who: •  
 reviews the procedure in relation to the student's achievement,  
 • evaluates the condition of the patient in relation to the student's knowledge,  
 • is physically present during the conduct of the procedure, and  
 • reviews and approves the procedure and/or image.

Students must be directly supervised until competency is achieved. Once students have achieved competency, they may work under indirect supervision. The JRCERT defines indirect supervision as student supervision provided by a qualified radiographer who is immediately available to assist students regardless of the level of student achievement.

Repeat images must be completed under direct supervision. The presence of a qualified radiographer during the repeat of an unsatisfactory image assures patient safety and proper educational practices.

Students must be directly supervised during surgical and all mobile, including mobile fluoroscopy, procedures regardless of the level of competency.

Failure to comply with JRCERT Standard 5.4 will result in a Final written warning for the first offense, second offense will result in a Second Final written warning, and dismissal from the program.

#### **EVALUATION\***

	100%

***\*Students, for the specific number and type of evaluations, please refer to the Instructor’s Course Information Sheet.***

### **GRADING SYSTEM:**

State the College’s or departmental grading system as delineated in the Catalog. Please note the College adheres to a 10 point grading scale A = 100 – 90, B = 89- 80, C = 79 – 70, D = 69 – 60, F = 59 and below. You must have your Dean’s approval if changes in the scale are made.

Due to the nature of this program the grading scale is as follows: A= 100 – 96, B= 95 – 90, C= 89 – 84, D= 83 –80, and F= 79 and below. Achievement of total points equaling a “C” or higher is required to pass each course and progress within the program. Scores on individual weighted components are not rounded but calculated to the 100th place. Calculation of the final score is NOT rounded. As an example, a final calculation of 83.99 will NOT be rounded to a 84.

Grades earned in courses impact academic progression and financial aid status. Before withdrawing from a course, be sure to talk with your instructor and financial aid counselor about the implications of that course of action. Ds, Fs, Ws, WFs and Is also negatively impact academic progression and financial aid status.

The Add/Drop Period is the first 5 days of the semester for **full term** classes. Add/Drop periods are shorter for accelerated format courses. Please refer to the [academic calendar](#) for deadlines for

add/drop. You must attend at least one meeting of all of your classes during that period. If you do not, you will be dropped from the course(s) and your Financial Aid will be reduced accordingly.

**CLINICAL EDUCATIONS COURSES:** Students are required to achieve a minimum grade of C in all Medical Imaging Science courses. Failure to achieve a minimum grade of a C in a clinical education course requires a mandatory dismissal of the student, as a clinical education course cannot be repeated due to conflict in course schedules. Clinical grading is explained in the clinical handbook.

Students must maintain a cumulative 2.5 GPA to continue in the program. This includes clinical and didactic courses.

### **CLINICAL PROGRESSION POLICY**

Students must be able to progress in clinical rotations by completing the expected minimum requirements. Students who have not completed the requirements for the semester will be graded accordingly. For example, a student needing 5 competency exams and 5 professional Development Evaluations only completes successfully 3 competencies will receive 0's for the missed competencies. All of the competency grades are averaged. If the student has not completed enough competencies to receive a grade of C or above, they will fail the clinical requirement for that semester.

If the student has not completed all required competencies but has high enough grades from the other competencies to pass the class, the student will be given the earned grade, but will be placed on Clinical Probation and will receive a written warning stating that all of the previously missed competencies must be completed by the conclusion of the next semester.

**\*\* Students may NOT receive more than 1 Clinical Probation letter. A 2<sup>nd</sup> probation will result in dismissal from the program for lack of clinical progression.**

Students who do not complete the required work during the last semester will follow the same policy. If a student's final grade is C or above they must complete all unfinished competencies within 2 weeks of graduation. If a student does not finish the required work within 2 weeks, they will fail the last clinical semester.

## **Part IV: Attendance**

Horry-Georgetown Technical College maintains a general attendance policy requiring students to be present for a minimum of 80 percent (80%) of their classes in order to receive credit for any course. Due to the varied nature of courses taught at the college, some faculty may require up to 90 percent (90%) attendance. Pursuant to 34 Code of Federal Regulations 228.22 - Return to Title IV Funds, once a student has missed over 20% of the course or has missed two (2) consecutive weeks, the faculty is obligated to withdraw the student and a student may not be permitted to reenroll.

Please refer to the Clinic Handbook regarding attendance and tardy policies.

## **PREGNANCY ACCOMMODATIONS**

Under Title IX, colleges must not exclude a pregnant student from participating in any part of an educational program. Horry-Georgetown Technical College is committed to ensuring that pregnant students receive reasonable accommodations to ensure access to our educational programs.

Students should advise the Title IX Coordinator of a potential need for accommodations as soon

as they know they are pregnant. It is extremely important that communication between student, instructors, and the Title IX Coordinator begin as soon as possible. Each situation is unique and will be addressed individually.

Title IX accommodations DO NOT apply to Financial Aid. Financial Aid regulations do not give the College any discretion in terms of Financial Aid eligibility.

Certain educational programs may have strict certification requirements or requirements mandated by outside regulatory agencies. Therefore, in some programs, the application of Title IX accommodations may be limited.

To request pregnancy accommodations, please complete the *Pregnancy Intake Form* that can be found [here](#).
